

FritsJurgens®

By Bellevue Architectural

FritsJurgens, has made a conscious effort to implement eco-friendly methods to continually progress as a sustainable business.

All FritsJurgens products are supplied in eco-friendly packaging that's simple to recycle, safe for both individuals as well as the environment. These practices aim to lessen the amount of product packaging and provide options to recycle packaging easily.

Furthermore, the FritsJurgens team has also opted to avoid the use of any plastic packaging as a conscious effort to lessen their environmental footprint as a business.
